## NO FORESIGHT

Old Si Chestnut said: "My foresight is never as good as my hindsight—not by a darned sight."

We are all troubled that way more or less. Foresight usually paints a rosy picture that hindsight proceeds to smear with a very drab tint. If we knew what was going to happen even 24 hours ahead, we would all be rich. But we don't know. The only way to judge the future is by the past. The men who work and save, get ahead, especially when they keep their money at our Bank. Try this plan.
